3	<p>QUERIES / CLARIFICATIONS</p> <p>1. The garterized waist, is this applicable to all, considering that the designs (particularly those of the girls') vary from one another? The Pasig City Science High School, for example is dress type and we are wondering how do we make it with garterized waist. May we also ask for the proper placement of the garter for the short pants, the long pants, the skirts and the dress uniform? Is it full or partial?</p>	<p>RESPONSE TO QUERIES / CLARIFICATIONS</p> <p>1. The partial garter should be placed accordingly on the waist area (back part only) of the bottoms to be produced (e.g. short pants, long pants and skirts), with the exception of the Pasig City Science High School ("PCSHS") uniform for female junior high school students (dress type). Please refer to Annex "A" for the updated photo references of PCSHS uniform.</p>
4	<p>ADDENDUM</p> <p>During post-qualification, the winning bidder shall provide a least an actual set of uniforms for at least 1 public high school and 1 public elementary school in Pasig City and these must conform with the technical specifications, including the actual design, logo and accessories of the school. During the gathering of measurements, other samples of uniforms but with similar designs and sizing range will be allowed for purposes of size reference only.</p>	

Bidders who have already submitted bids are hereby informed that they are allowed to modify or withdraw their bids, if necessary, before the scheduled opening of bid envelopes.

For modifications in your original submitted bid, kindly submit new bidding documents (sealed and marked as "Modified Bid") and have these received at the
