City Government of Pasig

Ordinance No. 09
Series of 2021

AN ORDINANCE CREATING THE PASIG CITY EPIDEMIOLOGY AND SURVEILLANCE UNIT (CESU), DIRECTING ALL STAKEHOLDERS TO REPORT ALL NOTIFIABLE DISEASES, EPIDEMIOLOGICAL AND RELATED HEALTH DATA ESSENTIAL TO THE CONCEPTUALIZATION AND IMPLEMENTATION OF HEALTH PROGRAMS AND PROJECTS OF THE CITY OF PASIG.

Authored By: Councilor Rosalio D. Martires
Co-Authored By: Councilors Rodrigo B. Asilo, Ferdinand A. Avis, Regino S. Balderrama, Orlando R. Benito, Rhichie Gerard T. Brown, Mario C. Concepcion, Jr., Corazon M. Raymundo, Jr., Gregorio P. Rupisan, Jr., Reynaldo R. San Buenaventura III, Editha C. Santiago, Wilfredo F. Sityar, LIGA Pres. Rigor J. Enriquez and SK Fed. President Georgia Lynne P. Clemente

WHEREAS, Section 15, Article II of the 1987 of the Philippine Constitution mandates that the state shall protect and promote the right to health of the people and its health consciousness among them;

WHEREAS, World Health Assembly issued Resolution WHA 48.13 (1995), that urges Member States to strengthen national and local programs of active surveillance for infectious diseases, ensuring that efforts were directed towards early detection of epidemics and prompt identification of new, emerging and re-emerging infectious diseases;

WHEREAS, Section C2.C.iii. of Administrative Order No. 2005-0023 of the Department of Health, (Implementing Guidelines for Formula One for Health as Framework for Health Reforms), states that, "Disease surveillance shall be intensified to ensure that the targets for disease elimination, prevention and control are attained";

WHEREAS, International Health Regulations (2005) urges member states to build, strengthen and maintain capacities required under the IHR 2005 and to mobilize resources necessary for that purpose;

WHEREAS, Administrative Order No. 36 Series of 2007, prescribed the guidelines on the Philippine Integrated Disease Surveillance and Response mandate the Local Government Units to set up a functional City Disease Surveillance System equipped with the necessary resource and adequate local financial support;

AN ORDINANCE CREATING THE PASIG CITY EPIDEMIOLOGY AND SURVEILLANCE UNIT (CESU), DIRECTING ALL STAKEHOLDERS TO REPORT ALL NOTIFIABLE DISEASES, EPIDEMIOLOGICAL AND RELATED HEALTH DATA ESSENTIAL TO THE CONCEPTUALIZATION AND IMPLEMENTATION OF HEALTH PROGRAMS AND PROJECTS OF THE CITY OF PASIG.

WHEREAS, Administrative Order No. 2008-009 Adopting the 2008 Revised List of Notifiable Diseases, Syndromes, Health-Related Events and Conditions;

WHEREAS, on April 26, 2019 President Rodrigo Roa Duterte approved Republic Act No. 11332 otherwise known as, "An Act Providing Policies and Prescribing Procedures on Surveillance and Response to Notifiable Diseases, Epidemics, and Health Events of Public Health Concern, and Appropriating Funds", therefore, repealing for the Purpose Republic Act No. 3573, Otherwise Known as the "Law on Reporting of Communicable Diseases";

WHEREAS, The City Epidemiology Surveillance Unit (CESU) is vital a component of public health, gathers and provides reliable source of health-related indicators which is necessary for interpretation and data analysis that aims to improve health service delivery;

WHEREAS, functional disease surveillance system serves to monitor trends of endemic diseases, progress towards disease control objectives, and to provide information which may be used to evaluate the impact of disease prevention and control programs.

NOW THEREFORE, be it **ORDAINED** as it is hereby **ORDAINED** by the Sangguniang Panglungsod of Pasig in a session duly assembled the following:

SECTION 1. SHORT TITLE. — This ordinance shall be known as "**Pasig CESU Ordinance**".

SECTION 2. DEFINITION OF TERMS — The words and phrases used in this Ordinance are hereby defined as follows:

- a. **Active Surveillance** – refers to public health officers either collect the data themselves or seek reports from participants in the surveillance system on a regular basis, rather than waiting for the reports.
- b. **CESU** – City Epidemiology and Surveillance Unit.

AN ORDINANCE CREATING THE PASIG CITY EPIDEMIOLOGY AND SURVEILLANCE UNIT (CESU), DIRECTING ALL STAKEHOLDERS TO REPORT ALL NOTIFIABLE DISEASES, EPIDEMIOLOGICAL AND RELATED HEALTH DATA ESSENTIAL TO THE CONCEPTUALIZATION AND IMPLEMENTATION OF HEALTH PROGRAMS AND PROJECTS OF THE CITY OF PASIG.

- c. Chronic and Lifestyle Disease** – refers to long term and/or non-communicable disease which, for public health purposes, must be reported on a monthly basis in order to implement necessary public health policies and measures aimed at control and mitigation. This includes, but is not limited to, cardio-metabolic diseases, congenital and acquired disabilities and communicable disease such as tuberculosis and HIV/AIDS which impose a heavy public health burden.
- d. Disease** – refers to a specific illness or medical condition, irrespective of origin or source that directly presents or has the potential to present significant harm to humans.
- e. Disease Reporting Unit (DRU)** – refers to any health facility where cases of notifiable diseases are identified and reported (e.g., hospitals, clinics, Municipal Health Offices [MHO], City Health Offices [CHO], Barangay Health Stations [BHS], community, Quarantine Stations).
- f. Epidemic** – refers to the occurrence in a community or region of cases of an illness, specific health-related behavior, or other health-related events clearly in excess of normal expectancy.
- g. Epidemiology** – refers to the study of the distribution and determinants of health-related states or events in specified populations, and the application of this study to the control of health problems.
- h. Epidemiology and Surveillance Unit** – refers to the unit established in the Centers for Health Development (CHD), Provincial Health Offices (PHO), City Health Offices (CHO) and Rural Health Units (RHU) that provide services on public health surveillance and epidemiology.

AN ORDINANCE CREATING THE PASIG CITY EPIDEMIOLOGY AND SURVEILLANCE UNIT (CESU), DIRECTING ALL STAKEHOLDERS TO REPORT ALL NOTIFIABLE DISEASES, EPIDEMIOLOGICAL AND RELATED HEALTH DATA ESSENTIAL TO THE CONCEPTUALIZATION AND IMPLEMENTATION OF HEALTH PROGRAMS AND PROJECTS OF THE CITY OF PASIG.

- i. Event-based Surveillance** – refers to unstructured data gathered from sources of intelligence of any nature. These include scientific watch, direct notifications, media watch, international watch and intersectoral-events. It is a rapid reporting and response system that immediately alerts health authorities of public health events that require a timely response.
- j. International Health Regulations (IHR) of 2005** – refers to the international legal instrument that binds all WHO Member States to implement a set of international standards with the aim to prevent, protect against, control and provide a public health response to the international spread of disease in ways that are commensurate with and restricted to public health risks, and which avoid unnecessary interference with international traffic and trade.
- k. Notifiable Disease Reporting System (NDRS)** – refers to the component of the Field Health Service Information System (FHSIS) that provides the Department of Health (DOH) with field-based surveillance and program management information on the different public health programs.
- l. Notifiable Disease** – refers to the disease that, by legal requirements, must be reported to the public health or other authority in the pertinent jurisdiction when the diagnosis is made.

l.1. Immediately Notifiable Disease (Category I):

Disease	ICD10 Code
1. Adverse Event Following Immunization	
2. Acute Flaccid Paralysis	
3. Anthrax	A22
4. COVID-19	U07.1
5. Measles	B05
6. Meningococcal Disease	A39
7. Neonatal Tetanus	A33
8. Paralytic Shellfish Poisoning	T61.2

-page 5-

AN ORDINANCE CREATING THE PASIG CITY EPIDEMIOLOGY AND SURVEILLANCE UNIT (CESU), DIRECTING ALL STAKEHOLDERS TO REPORT ALL NOTIFIABLE DISEASES, EPIDEMIOLOGICAL AND RELATED HEALTH DATA ESSENTIAL TO THE CONCEPTUALIZATION AND IMPLEMENTATION OF HEALTH PROGRAMS AND PROJECTS OF THE CITY OF PASIG.

9. Rabies	A82
10. Hand Foot & Mouth Disease	074.3
11. Severe Acute Respiratory Syndrome	U04.9
12. Unusual Disease or Threats	
13. Outbreaks	
14. Clusters of disease	

I.2. Weekly Notifiable Disease (Category II):

1. Acute Bloody Diarrhea	
2. Acute Encephalitis Syndrome	
3. Acute Hemorrhagic Fever	
4. Acute Viral Hepatitis	B15-B17
5. Bacterial Meningitis	A87
6. Cholera	A00
7. Dengue	A90-A91
8. Diphtheria	A36
9. Influenza-like Illness	J11
10. Leptospirosis	A27
11. Malaria	B50-B54
12. Non-Neonatal Tetanus	A35
13. Pertusis	A37
14. RotaVirus	A08.0
15. Typhoid and Paratyphoid Fever	A01

m. Outbreak – synonymous with epidemic; when used in a sentence, refers to an epidemic limited to localized increase in the incidence of a disease, e.g., in a village,

n. PIDS – Philippine Integrated Disease Surveillance and Response.

o. Public Health Surveillance – refers to the ongoing, systematic collection, analysis, interpretation and timely dissemination of health data for the planning, implementation and evaluation of public health program. The use of information based from these data to disease prevention and health promotion program completes the surveillance cycle in public health.

AN ORDINANCE CREATING THE PASIG CITY EPIDEMIOLOGY AND SURVEILLANCE UNIT (CESU), DIRECTING ALL STAKEHOLDERS TO REPORT ALL NOTIFIABLE DISEASES, EPIDEMIOLOGICAL AND RELATED HEALTH DATA ESSENTIAL TO THE CONCEPTUALIZATION AND IMPLEMENTATION OF HEALTH PROGRAMS AND PROJECTS OF THE CITY OF PASIG.

- p. **Public Health Emergency of International Concern** – refers to an extraordinary event which is determined, as provided in the 2005 IHR: 1) to constitute a public health risk to other states through the international spread of disease; and 2) to potentially require a coordinated international response.
- q. **Surveillance Report** – refers to the regular publication with specific information on the disease under surveillance. It contains updates of standard tables and graphs as well as information on epidemics. In addition, it may contain information on the performance of participants using agreed performance indicators.
- r. **Surveillance** – refers ongoing systematic collection, analysis, and interpretation of health data that are essential to the planning, implementation, and evaluation of public health practice
- s. **Zero Reporting** – refers to the reporting of “zero case” when no cases have been detected by the reporting unit.

SECTION 3. COMPOSITION — The City Epidemiology and Surveillance Unit (CESU) shall be composed of the following:

- Medical Surveillance Officer /Team Leader
- Head Nurse Disease Surveillance Officer
- Assistant Nurse Disease Surveillance Officer
- Statistician
- Medical Technologist
- Data Manager/Encoder
- Health Centers Disease Surveillance Officer
- Hospitals Disease Surveillance Officer
- Barangay Disease Surveillance Coordinators

SECTION 4. DUTIES AND FUNCTIONS —The City Epidemiology and Surveillance Unit (CESU) and its composition shall have the following duties and responsibilities:

- investigating, collecting, analyzing and disseminating reliable and timely information on health status, disease outbreaks and other threats to public health;
- It shall develop and maintain surveillance and other health information system that generates accurate, reliable and timely information for decision making; and
- It shall establish a network with sentinel disease reporting units (hospitals, clinics, health centers and other surveillance units and shall support the surveillance activities and programs of Regional Epidemiology and Surveillance Unit and Epidemiology Bureau of the Department of Health.

4.1. The Medical Surveillance Officer/Team Leader shall:

- Analyze and interpret data on notifiable diseases, outbreaks, emerging and re-emerging diseases and other events of public health concern and submit reports thereof;
- Oversee the conduct of field health investigations, surveillance and reporting;
- Oversee event-based surveillance and crafting of correspondent report;
- Craft public health proposals regarding notifiable diseases, emerging and re-emerging diseases, chronic and non-communicable diseases;
- Oversee the implementation of programs and control measures pertaining to notifiable, emerging and re-emerging diseases, outbreaks and pandemics;

- Coordinate with the Department of Health, World Health Organization, local and international organizations regarding local epidemiological data and health situation, control and mitigation efforts;
- Oversee, institute and propose necessary environmental control measures for diseases with potential for outbreaks;
- Conduct risk communication during outbreaks and occurrences of unusual health events;
- Facilitate training of Disease Surveillance Officer per health facility; and
- Oversee the dissemination of information to stakeholders of pertinent data regarding notifiable, emerging and re-emerging diseases, outbreaks and pandemics.

4.2. The Nurse Disease Surveillance Officer shall:

- Notify the next higher-level case/s of disease/syndrome/event classified as "immediate notification" within 24 hours of detection;
- Notify the next higher level of suspect epidemics within 24 hours of detection and perform preliminary investigation;
- Conduct preliminary investigation of suspect epidemics in their respective areas;
- Assist in epidemic investigation conducted by Regional Epidemiology and Surveillance Unit and Epidemiology Bureau of the Department of Health;
- Record in the Weekly Notifiable Disease Report all cases of notifiable diseases admitted in the hospital/clinic or seen in the community/ Rural Health Unit/City Health Department;

- Submit PIDSR report forms to the next higher level. Retain a copy of PIDSR forms and perform regular basic data analysis (time, place, and person);
- Prepare and disseminate weekly/monthly disease surveillance reports; and
- Participate in workshops, seminars, training, scientific meetings and other surveillance-related activities.

4.3. The Assistant Nurse Disease Surveillance Officer shall:

- Collection of PIDSR forms from the hospitals at their level (levels: 1 – clinics or infirmaries; 2 – primary hospitals; 3 – secondary hospitals and 4 – tertiary hospitals). However, hospital DSC and provincial DSO may agree on other means of submission or collection of PIDSR appropriate to their local condition;
- Encode data into the computer and maintain a file of the case investigation forms;
- Consolidate data from the different DRUs for weekly submission to the next higher level;
- Analyze and Interpret data to provide weekly and/or monthly disease surveillance report to the next higher level;
- Provide technical assistance in outbreak investigations and response to their respective DRUs when necessary;
- Provide technical assistance on safe collection, storage and transport of laboratory specimens for confirmatory testing. Laboratory results should be provided to the clinical staff and the patient;
- Conduct regular monitoring and assessment of DRUs to determine AND verify “silent” DRUs; and

- Conduct regular technical assistance visits of DRUs with the epidemiologist. - Manage logistics needed in the surveillance operations at their level.

4.4. The Statistician shall:

- Oversee the collection of health data and ensure the fitness thereof;
- Analyze health data and cover-up with regular reports on descriptive statistics; and
- Apply statistical treatment and inferential analysis to health data as deemed fit by Medical Surveillance Officer.

4.5. The Medical Technologist shall:

- Perform specimen collection, storage and transport.

4.6. The Data Manager/Encoder shall:

- Encode data into the computer and maintain a file of the case investigation;
- Consolidate data from different Disease Reporting Units for weekly submission to the next higher level;
- File reports and correspondences; and
- Assist in the conduct of training courses in epidemiology.

4.7. The Health Center Disease Surveillance Officers shall:

- Be responsible in reporting a single suspect case, a cluster of deaths and or an unusual health events in the community; and
- Assist the CESU in the conduct of field investigation and active surveillance.

AN ORDINANCE CREATING THE PASIG CITY EPIDEMIOLOGY AND SURVEILLANCE UNIT (CESU), DIRECTING ALL STAKEHOLDERS TO REPORT ALL NOTIFIABLE DISEASES, EPIDEMIOLOGICAL AND RELATED HEALTH DATA ESSENTIAL TO THE CONCEPTUALIZATION AND IMPLEMENTATION OF HEALTH PROGRAMS AND PROJECTS OF THE CITY OF PASIG.

4.8. The Hospital, Private Clinics and Barangay Disease Surveillance Coordinators shall:

- Responsible for active case finding and investigation of all reportable cases and other health information in hospital and community respectively;
- Responsible for the accomplishment and submission of surveillance report forms to the CESU at the City Health Department; and
- Zero reporting of notifiable disease with no known case.

SECTION 5. REALLOCATION — The City Epidemiology Medical Surveillance Officer/Team Leader, Head Nurse Surveillance Officer, Assistant Nurse Surveillance Officer, Statistician, Medical Technologist, Data Manager/Encoder shall be designated by the City Health Officer and will be coming from regular personnel of the City Health Department. The City Government of Pasig must allocate funds to the aforementioned dedicated personnel preferably with training on Basic Epidemiology, Event-based and Public Health Surveillance, and Philippine Integrated Disease Surveillance and Response (PIDSR).

Further, all health facilities such as hospitals, health centers, clinics, lying-in, infirmaries shall designate a Disease Surveillance Coordinators/Officers who shall become members of the Pasig CESU.

Furthermore, all Barangay Captains shall likewise designate Barangay Disease Surveillance Officer Coordinators who will become part of Pasig CESU.

Section 6. REPORTING — All individuals, health facilities, such as barangay health centers/health stations, government/private hospitals, clinics, laboratories, lying-in clinics, infirmaries, company clinics and all medical and non-medical entities such as medical doctors, nurses, midwives, allied medical professionals, health aides, and barangay health workers are hereby mandated to report all attended cases either directly to City Health Department or CESU, or through their respective hospital, health center or barangay disease surveillance coordinators.

AN ORDINANCE CREATING THE PASIG CITY EPIDEMIOLOGY AND SURVEILLANCE UNIT (CESU), DIRECTING ALL STAKEHOLDERS TO REPORT ALL NOTIFIABLE DISEASES, EPIDEMIOLOGICAL AND RELATED HEALTH DATA ESSENTIAL TO THE CONCEPTUALIZATION AND IMPLEMENTATION OF HEALTH PROGRAMS AND PROJECTS OF THE CITY OF PASIG.

SECTION 7. REPORTABLE HEALTH DATA — The following health data shall be reported to the City Health Department through the CESU:

1. All notifiable disease listed in the Administrative Order No. 2008-0009- Adopting the 2008 Revised List of Notifiable Diseases, Syndromes, Health-Related Event and Conditions;
2. Death and cause of death;
3. Birth defects seen at the health facilities and community; and
4. Other health related data which may be prescribed by the City Epidemiology and Surveillance Unit, Regional Epidemiology Surveillance Unit and National Epidemiology Center-Department of Health.

SECTION 8. REPORTING GUIDELINES — The time frame for reporting health data to the CESU shall be the following:

1. Notifiable disease shall be reported based on the guidelines set by Administrative Order No. 2008-0009- Adopting the 2008 Revised List of Notifiable Diseases, Syndromes, Health-Related Event and Conditions;
2. Immediately notifiable diseases shall be reported within eight (8) hours of detection to the CESU. If the reporting period falls on a weekend or a holiday, the said report will be coursed thru the Pasig City Command Center (C3) which will relay the said information to the CESU head;
3. Death must be reported by attending medical or medical personnel or by relatives within 48 hours or within 72 hours if death occurs on a Friday. If the cause of death however is due to a suspected communicable disease or a medico legal case, it should be reported as soon as possible within 24 hours; and
4. Birth defects seen at birthing facilities or in the community must be reported as soon as possible to the CESU or to nearest health center.

AN ORDINANCE CREATING THE PASIG CITY EPIDEMIOLOGY AND SURVEILLANCE UNIT (CESU), DIRECTING ALL STAKEHOLDERS TO REPORT ALL NOTIFIABLE DISEASES, EPIDEMIOLOGICAL AND RELATED HEALTH DATA ESSENTIAL TO THE CONCEPTUALIZATION AND IMPLEMENTATION OF HEALTH PROGRAMS AND PROJECTS OF THE CITY OF PASIG.

SECTION 9. AUTHORITY TO REVIEW HEALTH RECORDS — The City Epidemiology and Surveillance Officer or his/her authorized representative, upon order of the City Health Officer shall be authorized to review the pertinent health data records of patients suspected/confirmed to have communicable disease or cases with potential or significant treat/impact on the health status of the people of the City of Pasig.

Provided that records review however, shall be treated with utmost confidentiality and shall never be used other than disease or health surveillance and investigation purposes.

SECTION 10. STAFF CAPABILITY BUILDING AND TRAINING — In order to enhance their capabilities, CESU staff is required to attend appropriate training courses, seminars and enroll in the Field Epidemiology Training Program provided that their attendance in such courses does not disrupt the delivery of vital health services.

All expenses in the participation to the said program will be shouldered by the City Government. Programs exceeding six (6) months would require a 1:2 Return Service Agreement (RSA).

SECTION 11. LOGISTICS — In order for the CESU to function efficiently and effectively, the unit should be provided with the following:

1. Computer desktop/Laptop and printer with access to internet;
2. Photocopying Machine;
3. Landline phone;
4. Cellular Phone/Handle radio or some mobile communication system;
5. Refrigerator with freezer for storage of specimen;
6. Office and laboratory supplies and material; and
7. Vehicle with regular driver.

SECTION 12. PROHIBITED ACTS AND PENALTIES — The City Epidemiology and Surveillance Unit (CESU) are hereby adopting the prohibited acts and penalties provided by Republic Act No. 11332 otherwise known as An Act Providing Policies and Prescribing Procedures on Surveillance and Response to Notifiable Diseases, Epidemics, and Health Events of Public Health Concern, and Appropriating Funds therefor.
