Highlights of the Discussion

1. Engr. James Nuval, graduate of Polytechnic University of the Philippines, Rizal High School and Buting Elementary School, shared his academic journey to his being the top 10 in the February 2023 Mechanical Engineering Licensure Examination showing that perseverance and strategic preparation were key factors in his landing as the top 10 board passer in the said PRC examination. He used the results of his pre-board examinations as gauge in planning his review. His low scores in those pre-board examinations drove him to study harder and be strategic in his subsequent review efforts. And much to his delight his strategy worked.
2. **Engr. Nuval was also a recipient of the Pasig City Scholarship Program and a DOST scholar during his pursuit of the mechanical engineering degree course.**
3. All members of the committees (Education and Appropriation) present manifested their commendation to the performance of Engr. Nuval and unanimously recognized that the performance of Engr. Nuval can serve as inspiration to the young people of Pasig City.
